MEMORANDUM FOR: THE PRESIDENT

FROM: DAVID A. STOCKMAN *DS*

SUBJECT: Proposed Executive Order Entitled
"Presidential Commission on Broad-
casting to Cuba"

SUMMARY. This memorandum forwards for your consideration a proposed Executive order which would designate the Assistant Secretary of State for Inter-American Affairs to serve as a special foreign policy adviser to the Presidential Commission on Broadcasting to Cuba.

BACKGROUND. The State Department believes that this proposal will "ensure that the largely private sector members of the Commission [have] access to authoritative information on Cuba that might not be available from public sources, and guidance on relevant aspects of Administration foreign policy."

The NSC Staff concurs with the State proposal.

RECOMMENDATION. I recommend that you sign the proposed Executive order.
